**Ref.01** Ombre Sonore Prod. CD 12,50€  
ref.01 conjugue des rythmiques martelantes et enlevées à des ambiances intrigantes, mélangeant des parties bruitistes, des percussions incisives, des climats ambient et des samples tirés de films tels que 2001 l'Odyssée de l'Espace, Twin Peaks... ref.01 est une pièce maîtresse qui ravira les amateurs de groupes tels que Sonar, Esplendor Geometrico, Imminent Starvation, Stigma et autres grandes figures de l'électro-industriel, dans la continuité des productions de prestigieuses labels tels que Hands ou Ant-Zen

**Ref.01** Ombre Sonore Prod. CDL 15,00€  
Edition limitée 100ex., numérotée et présentée dans un emballage spécial en carton

**Ref.02** Ombre Sonore Prod. CD 15,50€  
Durant près de 50 minutes, on se délecte d'une musique électronique minimaliste aux beats cassés mixant samples travaillés, percussions sourdes fracassantes ou encore grésillements stridents sournois. La rythmique épurée et saccadée de la plupart des titres est compensée par le tempo de certains morceaux plus étoffés... Apocalyptique, "Ref.02" est sans conteste un disque qui plonge ses racines dans les profondeurs des œuvres de Blackhouse ou Esplendor Geometrico
